Prior to returning any products you must receive an RGA # (Return Authorization #). Products arriving at the factory without this will not be accepted.

## TERMS

All new first time clients are required to prepay. We accept Visa, MasterCard, American Express and Company Checks. Credit established accounts would be Net 30 day terms. In some instances, due to the size of an order, partial prepayment maybe required. For those clients outside the U.S., we must receive U.S. certified funds electronically or by mail prior to merchandise being manufactured. Production on any new account will not begin until prepayment funds are received. Any existing accounts not kept current may also be required to be brought up-to-date prior to production of new order.

## SAMPLES

Random samples are provided at no charge. We will ship the samples ground service. Expedited freight requests are accepted but the client is responsible for the freight charges – Acct# to be provided. ## PRODUCT INFORMATION

Products shown in this catalog do vary in color and shades. Polyurethane naturally varies from run to run in its virgin state. Although we relate the foam colors to PMS #'s these are approximated to our best ability. Polyurethane foam does discolor. It is most apparent in light colors. We are not responsible for the discoloration process. It happens naturally when exposed to heat, light and air.

## IMPRINTING INFORMATION

Method of Imprinting – Silkscreen. Due to the porous surface of polyurethane, bold, crisp artwork provides best imprint. Some detail and fine lines may have to be altered to provide a legible imprint. We offer up to 7 colors of imprint on most products. All multi color jobs must be quoted and approved by the factory. Most ink colors are available. PMS color matches also available at no additional charge. Color matches are not exact and may vary some in shade. Metallic inks not recommended.

## ARTWORK

All artwork accepted by email and should be sent to: [artwork@centuryfoam.com](mailto:artwork@centuryfoam.com).

Format should be AI. Convert all fonts to outlines and curves. All artwork provided will be printed as is or scaled as needed unless otherwise noted.
